Map Lights

These high-tech lights feature halogen lamps and advanced optics for a powerful concentrated light source that's ten times brighter than conventional lamps - yet these economical map lights consume only five watts of power. The head pivots and the neck is completely flexible.

COMMUNICATIONS ORGANIZERS

SPECIFICATIONS

Model	Size	Weight
SR7	4.25" L / 11" H	2 Lbs.
SR9	4.25" L / 12.5" H	2 Lbs.
SR10	12" L / 7" H	2.5 Lbs.
SR12	14" L / 7" H	2.5 Lbs.

Communication Organizers

These sturdy organizers put your communication and switching equipment in one easy to reach column. They will accommodate any combination of sirens, scanners, switch boxes, radios or other communications equipment. The SR7 and SR9 are vertical mount organizers which will hold two and three pieces of equipment respectively. The SR10 and SR12 are horizontal mount organizers which will hold three and four pieces of equipment respectively.

L-Bracket

These powder coated steel L-brackets permit mounting from sides, back, or front of vehicle where a top-mounted light would cause clearance problems. Also shields operator's eyes with cage mount applications on lift trucks and construction machinery.

274-LMB

Specifications:

Size: 8"H x 8"W x 8"D
Weight: 2 lbs.

274-MMB

Mirror Mount Bracket

These anodized aluminum mirror mount brackets allow standard 3/4" pipe mount warning lights to be mounted quickly and easily to a truck's outside mirror assembly.

Specifications:

Size: 2"H x 1-1/2"W x 1-3/4"D
Weight: 0.4 lbs.
